

Dead Animals

On County Roads and Right-of-Ways...

Shelby County residents may report dead animals, which, have been killed on roads in Shelby County by calling the Shelby County Highway Department at 206/669-3880 or complete the [Animal Control Form](#).

In order for us to serve you better, please have a specified location for us to respond: address, intersection or block number is needed.

On Personal Property...

State Law forbids Shelby County personnel from entering any private property to remove animals.

Citizens are required for managing the remains of destroyed animals located on private property. Any remains not managed within the citizen's property must be transported to the [Shelby County Animal Shelter](#) in Columbiana for cremation. Animal remains cannot be placed in garbage containers and/or processed by your garbage service provider.
